LICENSING RIOULT WORKS

Dance companies, Colleges and Conservatories have performed RIOULT's choreography throughout the U.S. and abroad. Several of the company's renowned pieces are available for performing and training experience. Prospective licensors should contact Joyce Herring at joyce@rioult.org.

Technique classes are often provided in conjunction with the staging to enhance and inspire the dancers' knowledge of work and movement. RIOULT provides experienced company members and rehearsal directors who share their personal experiences learning and performing the piece. Their extensive knowledge of the pieces, as well as their teaching experience, enables them to offer a comprehensive artistic experience.

Bolero, *Wien*, *If By Chance*, and *Piaf Suite* have become favorites in the licensing and teaching community. These pieces have been set on dancers at Case University, The Dance Conservatory at SUNY Purchase, Marymount Manhattan College, Grand Valley State University, State School for Dance Greece, and The Ailey School and The Ailey Fordham Dance Program among others.
